APPLICATION OVERVIEW DOCUMENT

Recruiting

Congratulations on completing your application definition! This document presents a summary overview of your application as defined in the Pega platform. It encapsulates the key elements of your application's design, highlighting its core functionalities and overall structure.

Please note that this is a high-level view and does not include granular details like data models or sample data. It's an ideal resource for a quick reference, facilitating discussions among team members and stakeholders, and for guiding strategic decisions in your application development process.

Blueprint ID: BP-912420

Application Context

Organization name	Location	Industry	Industry subsegment	Language
Internet Service Provider	India	Cross Industry (e.g. HR, IT, Finance, etc.)	Human Resources	English

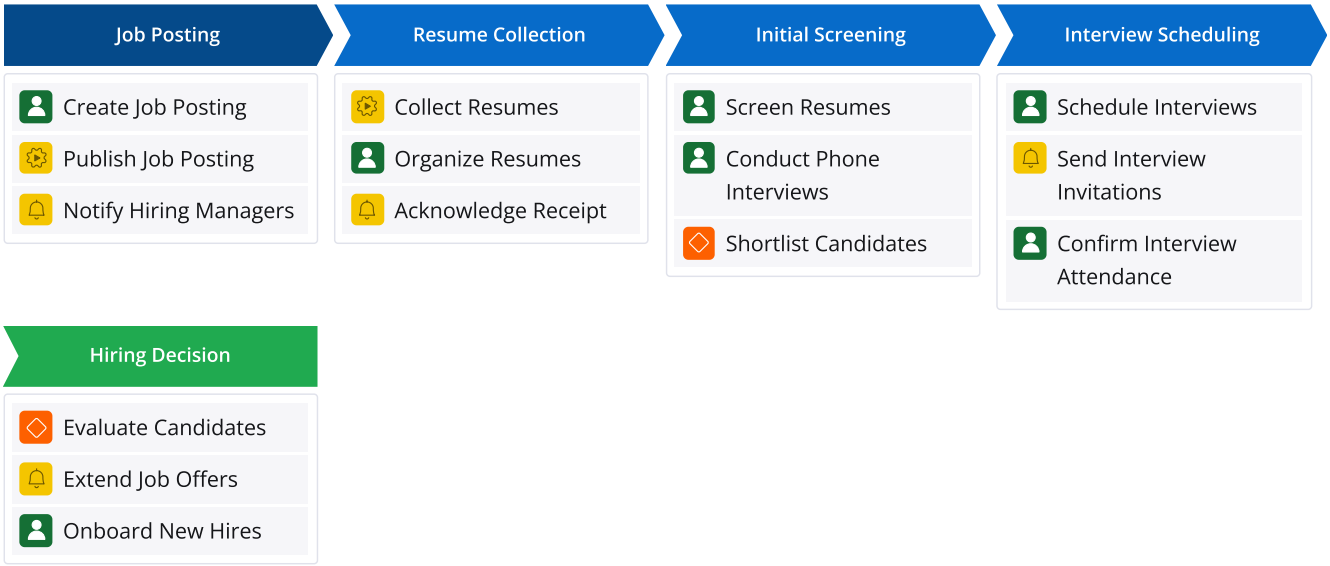
Application purpose
Recruiting

Functional description
Streamline recruitment processes by automating candidate sourcing, applicant tracking, interview scheduling, and hiring decision-making, to attract and onboard top talent efficiently and cost-effectively.

Workflows (Case Types)

Candidate Sourcing

This case type manages the process of identifying and attracting potential candidates for open positions. It includes activities such as job posting, resume collection, and initial candidate screening.



Case Data Model

Field Name	Description	Type	Primary
Application Status	The current status of the candidate's application.	Text	
Candidate Name	The name of the candidate applying for the job.	Text	
Job Title	The title of the job position being sourced for.	Text	
Candidate Email	The email address of the candidate.	Email	
Candidate Phone	The phone number of the candidate.	Phone	
Job Department	The department to which the job position belongs.	Text	
Job Description	A detailed description of the job position.	Text	
Job Expiry Date	The date when the job position will expire.	Date	
Job Posting Date	The date when the job position was posted.	Date	
Recruiter Email	The email address of the recruiter.	Email	
Recruiter Name	The name of the recruiter managing the candidate.	Text	
Required Qualificati...	The qualifications required for the job position.	Text	
Resume	The resume of the candidate.	Attachment	
Screening Date	The date when the initial screening of the candidate was conducted.	Date	
Screening Result	The result of the initial screening of the candidate.	Text	
Case ID	Unique identifier for this individual case instance	Text	
Case Label	Label for this individual case instance	Text	
Created by	User that created the case	Text	
Created date/time	Date/time case was created	DateTime	
Description	Description for this individual case instance	Text	
Resolved by	User that resolved the case	Text	

Field Name	Description	Type	Primary
Resolved date/time	Date/time case was resolved	DateTime	
Urgency	Priority/urgency of the case	Decimal	
Work Status	Work status of the case	Text	

Business Rules

Name	Description
There are no Business Rules for this Case Type.	

Applicant Tracking

This case type tracks the progress of candidates through the recruitment pipeline. It includes stages such as application submission, resume review, interview scheduling, and feedback collection.

Data Objects & Integrations

Candidate

Represents an individual applying for a job. Contains attributes such as name, contact information, resume, and application status. This data object is essential for tracking the progress of each applicant through the recruitment process.

Field Name	Description	Type	Primary
Candidate Name	Full legal name of the candidate	Text	
Application Status	Current status of the candidate's application	Picklist	
Contact Number	Primary phone number of the candidate	Phone	
Email Address	Primary email contact for the candidate	Email	
Position Applied For	Job position the candidate has applied for	Text	
Date of Application	Date when the candidate applied for the job	Date	
Interview Status	Status of the candidate's interview process	Picklist	
Notes	Additional notes or comments about the candidate	Text	
Recruiter Name	Name of the recruiter handling the candidate	Text	
Resume	Uploaded resume document of the candidate	URL	

Job Position

Represents a job opening within the organization. Contains attributes such as job title, department, required qualifications, and job description. This data object helps in managing and advertising job vacancies.

Field Name	Description	Type	Primary
Job Title	The official title of the job position.	Text	
Department	The department within the organization where the job position is located.	Text	
Job Description	A detailed description of the job position.	Text	
Required Qualifications	The qualifications required for the job position.	Text	
Application Deadline	The deadline for submitting applications for the job position.	Date	
Employment Type	The type of employment (e.g., full-time, part-time, contract).	Picklist	
Hiring Manager	The name of the hiring manager responsible for the job position.	Text	
Job Location	The location where the job position is based.	Text	
Posting Date	The date when the job position was posted.	Date	
Salary Range	The salary range offered for the job position.	Currency	

Interview

Represents an interview scheduled with a candidate. Contains attributes such as interview date, time, location, interviewer details, and interview feedback. This data object is crucial for coordinating and tracking interviews.

Field Name	Description	Type	Primary
Interview Title	Title or subject of the interview	Text	
Candidate Name	Name of the candidate being interviewed	Text	
Interview Date	Scheduled date of the interview	Date	
Interview Location	Location where the interview will take place	Text	
Interview Status	Current status of the interview (e.g., Scheduled, Completed, Cancelled)	Picklist	
Interview Time	Scheduled time of the interview	Time	
Interview Type	Type of interview (e.g., Technical, HR, Managerial)	Picklist	
Interviewer Name	Name of the person conducting the interview	Text	
Interview Duration	Duration of the interview	Decimal	
Interview Feedback	Feedback provided by the interviewer	Text	

Recruiter

Represents a recruiter responsible for managing the recruitment process. Contains attributes such as name, contact information, and assigned job positions. This data object helps in assigning and tracking recruiter activities.

Field Name	Description	Type	Primary
Recruiter Name	Full name of the recruiter	Text	
Contact Number	Primary contact number of the recruiter	Phone	
Email Address	Email address of the recruiter	Email	
Assigned Job Positions	List of job positions assigned to the recruiter	Text	
Department	Department to which the recruiter belongs	Text	
LinkedIn Profile	URL to the recruiter's LinkedIn profile	URL	
Location	Office location of the recruiter	Text	
Notes	Additional notes or comments about the recruiter	Text	
Recruitment Experience	Number of years of experience in recruitment	Integer	
Recruitment Status	Current status of the recruiter's recruitment activities	Text	

Offer

Represents a job offer extended to a candidate. Contains attributes such as offer details, salary, benefits, and acceptance status. This data object is essential for managing the final stage of the recruitment process.

Field Name	Description	Type	Primary
Candidate Name	Full name of the candidate to whom the offer is extended	Text	
Acceptance Status	Current status of the job offer acceptance	Picklist	
Job Title	Title of the job position being offered	Text	
Benefits	Details of the benefits included in the job offer	Text	
Hiring Manager	Name of the hiring manager responsible for the offer	Text	
Offer Date	Date when the job offer was extended	Date	
Offer Expiration Date	Date by which the candidate must respond to the offer	Date	
Offer ID	Unique identifier for the job offer	Text	
Offer Notes	Additional notes or comments related to the job offer	Text	
Salary	Proposed salary for the job position	Currency	

Onboarding Document

Represents documents required for onboarding a new hire. Contains attributes such as document type, submission status, and due date. This data object helps in ensuring all necessary paperwork is completed for new employees.

Field Name	Description	Type	Primary
Document Type	Type of the onboarding document (e.g., ID proof, address proof, educational certificates)	Text	
Document Name	Name of the document	Text	
Submission Status	Current status of the document submission (e.g., submitted, pending, rejected)	Text	
Comments	Additional comments or notes regarding the document	Text	
Document Expiry Date	Expiry date of the document, if applicable	Date	
Document ID	Unique identifier for the document	Text	
Due Date	Deadline for submitting the document	Date	
Issued By	Authority or organization that issued the document	Text	
Submission Date	Date when the document was submitted	Date	
Verification Status	Status of the document verification (e.g., verified, unverified)	Text	

Personas

HR Manager

Responsible for overseeing the recruitment process, including setting hiring goals, managing the recruitment team, and ensuring compliance with company policies. Interacts with the application to review candidate profiles, schedule interviews, and make hiring decisions.

Recruiter

Handles the day-to-day recruitment activities such as sourcing candidates, conducting initial screenings, and coordinating interviews. Uses the application to track applicant progress, communicate with candidates, and update job postings.

Hiring Manager

A department head or team leader who collaborates with HR to define job requirements and participates in the interview process. Utilizes the application to provide feedback on candidates and make final hiring decisions.

Job Applicant

An external user who applies for job openings through the application. Engages with the system to submit resumes, complete application forms, schedule interviews, and receive updates on their application status.

Onboarding Specialist

Responsible for ensuring a smooth transition for new hires. Uses the application to manage onboarding tasks, such as sending welcome emails, coordinating training sessions, and ensuring all necessary paperwork is completed.
